

# OUR VOLUNTEER TEAMS

## **Administration Midweek**

We not only support the staff and TCC Ministries but we also provide a friendly welcome at reception for all our visitors.

## **CAP Debt Centre**

We help people in financial trouble with the charity Christians Against Poverty. We visit people in need and give them practical help in their circumstances.

## **Car Park**

We are the first impression people receive at our Sunday gatherings. It's not about parking or watching over cars, it's about giving people a friendly welcome.

## **Community Pods**

We create groups centred around hobbies and interests. You're welcome to join in or start one of your own!

## **Edge Maintenance**

We make sure the campus is in tip top condition (both inside & out) mirroring our culture of excellence. We believe The Edge facilities is a gift to the town; a destination for people.

## **Kid's Church (The Gallery, Squiggles, Sketch, Shapers & Etch)**

We empower our children to grow in their fullest potential in everyday life. We partner with games with Godly principles and fun with faith for babies all the way up to Primary School ages.

## **Live Free (11-18's)**

Each Friday evening we gather to share stories, play games, listen to music and empower young people to thrive in every area of their lives.

## **TCC Media**

We craft everything from social media inspiration, graphic design, motion graphics and promotional videos.

## **TCC Worship (Band, Lighting, Sound & Visuals)**

From musicians to tech support, we create inspiring visuals and moments of worship. We meet midweek to rehearse, plan, write and up-skill for the gatherings ahead.

## **Postcode Coffee House**

We create a space for people to gather, meet and enjoy quality food/drinks together. We open throughout the whole week, not just at a Sunday gathering too!

## **Production & Creative Arts**

We put the gatherings together each week and co-ordinate our communicators. We also create inspiring moments through poetry, music, film and drama.

## **Security**

We look after people and make sure the space is protected. We operate on some weeknights as well as Sunday gatherings; we make sure our environment is secure so that God can do His work!

## **Small Groups**

We gather around the borough to encourage, learn and grow as the family of God. Often we meet on a midweek evening in homes or coffee shops too.

## **Stage Management**

We make sure gatherings run smoothly and help with anything needed on stage. Behind the music, messages and creative elements there are a bunch of people who passionately facilitate our communicators.

## **The Edge Conferencing**

We host 8000+ delegates at The Edge every year through room hires and conferencing. We set up and tear down rooms, provide refreshments and help for all our guests.

## **The Hub**

We provide information and guidance at the gathering each week. If someone needs help with something, we point them in the right direction!

## **The Way (18-30's)**

We empower young adults to grow in faith, influence and vision. Our monthly gatherings consist of worship, teaching, discussion and the change the unwind!

## **Twinkle Tots**

We create a midweek space for babies and their adults at The Edge. Our event is filled with crafts, refreshments for children and adults, singing and we even have special guests sometimes!

## **Welcome Team**

From coaching on the Engage course to the "hello" at the front door at gatherings, we help others to join our community. We also pray for people, serve free refreshments and provide a truly welcoming experience.
